

# CMS Church Accounting: Ledger and Payables

**Instantly access all church and school financial information anytime, anywhere with this true fund accounting, browser-based Web application.**

CMS Church Accounting is a simple yet powerful accounting system designed to meet the needs of churches and schools. Reporting is easy, whether the purpose is a simple report for a small church or a complex financial analysis for a large organization with many layers of departments and funds.

A true Web application, CMS Church Accounting provides secure access using any computer with an Internet connection—and there's never a need to update your accounting software.

## Boost productivity

- Intuitive, easy-to-use interface with quick data entry
- Flexible account structure for customized chart of accounts and reports
- Compatible with the CMS Church Accounting Suite
- Instant details with transaction-level drill down
- Online system available 24/7 from any computer with an Internet connection
- Secure Web-based access for information-sharing with your accountant or the diocese
- Unlimited users

## Specifically for the church

- Meets Financial Accounting Standards (FASB117)
- Provides a true fund accounting system
- Supports cash, modified accrual or accrual accounting methods
- Uses church terminology

## Streamline management

- Tailors powerful reports quickly and easily for your pastor, finance council, and religious education director in any period—prior, current or future
- Simplifies budgeting process with department worksheets and Excel® import/export
- Tracks activity of system users in a log file
- Identifies opportunities and issues in a timely manner using Dashboard-Display reports and graphs that can include cash balance, collections, bill reminders and expenses compared to budget
- Allows only administrators with special privileges to edit entries in a closed period

### Complete Church Solution

*Ledger & Payables is just one module of the CMS Church Accounting Suite. Additional modules include Payroll, Accounts Receivable, Fixed Assets and Purchase Order. CMS provides a complete suite of products that help churches manage organizations, people, finances, and reporting from a single database.*
